~~5. Patricia Hoffman, CPA, Six Sigma Black Belt~~

Partner, Energy & Utilities Practice Lead

Years of Experience: 25 years

Office: Houston, TX

Direct Line: +1 (713) 555-0418

Email: p.hoffman@meridian-llp.com

Professional Summary

Patricia Hoffman is the Partner leading Meridian & Associates' Energy & Utilities Practice, overseeing advisory, technology, and assurance engagements for integrated oil & gas majors, midstream operators, electric utilities, and renewable energy developers. With 25 years of experience across the energy value chain, Patricia has directed programs totaling over \$1.9 billion in aggregate project value, with deep expertise in enterprise cloud migration, operational technology (OT) modernization, digital twin deployment, and ESG/emissions reporting platforms.

Before joining Meridian in 2009, Patricia spent nine years at a competing Big Four firm where she rose to Senior Manager in the energy and resources audit practice, serving upstream, midstream, and downstream clients across the Gulf Coast. She also spent two years as Director of IT Strategy at a Fortune 50 integrated energy company, giving her a rare practitioner perspective. Since her promotion to Partner in 2014, Patricia has grown the Energy Practice from \$62 million to over \$245 million in annual revenue, establishing Meridian as a top-three advisor to US energy companies.

Education

- MBA, Energy Finance, Rice University, Jones Graduate School of Business (2005)
- BS, Chemical Engineering, Texas A&M University (1999)

Certifications & Memberships

- Certified Public Accountant (CPA), State of Texas
- Six Sigma Black Belt (ASQ Certified)
- Certified Energy Manager (CEM), Association of Energy Engineers
- Board Member, Center for Houston's Future - Energy Transition Committee
- Advisory Board, Stanford Precourt Institute for Energy
- Member, Society of Petroleum Engineers (SPE)

Industry Specializations

- Enterprise cloud migration for energy companies (OT/IT convergence)
- Digital twin and IoT deployment for refining and midstream operations
- ESG data platforms and Scope 1/2/3 emissions reporting (SEC Climate Rule, ISSB)
- SCADA modernization and industrial cybersecurity (IEC 62443, NERC CIP)
- Regulatory compliance (EPA, PHMSA, FERC, state public utility commissions)
- Operational excellence and asset performance management

Notable Engagements (Blinded)

- **Top-5 US Integrated Energy Company:** Led 24-month enterprise cloud and digital transformation program (110-person team). Migrated 1,200 corporate IT applications to Azure, deployed edge computing for field operations, implemented digital twins for refinery optimization across 8 refineries, and built ESG data platform for real-time emissions monitoring. Achieved 30% IT cost reduction, 99.97% uptime, and 15% reduction in unplanned downtime. (See Case Study: Energy & Digital Transformation)
- **Major Electric Utility:** Directed \$85M grid modernization program including AMI 2.0 deployment, ADMS implementation, and distributed energy resource management system (DERMS). Enabled real-time outage detection reducing restoration time by 42% and integrated 2.3 GW of distributed solar.
- **Midstream Pipeline Operator:** Oversaw SCADA and OT security transformation across 12,000 miles of pipeline infrastructure. Implemented IEC 62443-compliant architecture, deployed centralized SOC for OT monitoring, and achieved PHMSA compliance ahead of regulatory deadline.

- "The Energy Cloud: Digital Transformation Strategies for Oil & Gas" - Harvard Business Review (2025)
- "Scope 1 & 2 Emissions Monitoring: From Manual Reporting to Real-Time Platforms" - MIT Energy Initiative (2024)
- Keynote Speaker, CERAWEEK by S&P Global (2024, 2025)
- Panelist, World Energy Congress - Digital Transformation Track (2025)

6. Robert Adeyemi, MBA

Partner, Retail & Consumer Practice Lead

Years of Experience: 22 years

Office: New York, NY

Direct Line: +1 (212) 555-0531

Email: r.adeyemi@meridian-llp.com

Professional Summary

Robert Adeyemi leads Meridian & Associates' Retail & Consumer Practice, advising national retailers, consumer brands, quick-service restaurant chains, and e-commerce platforms on omnichannel transformation, supply chain optimization, and customer experience strategy. Over his 22-year career, Robert has managed more than 50 large-scale engagements in the retail and consumer sector, including unified commerce implementations, demand planning overhauls, loyalty program redesigns, and post-acquisition integrations for retail portfolios.

Prior to joining Meridian in 2010, Robert spent eight years at a top-tier management consulting firm focused exclusively on retail and consumer clients and two years as VP of Supply Chain Strategy at a Fortune 200 specialty retailer. His combination of strategic consulting and in-house operating experience enables him to design solutions that are both analytically rigorous and operationally pragmatic. Under his leadership, the Retail & Consumer Practice has grown to \$178 million in annual revenue with a client retention rate of 92%.

Education

- MBA, Marketing & Operations, The Wharton School, University of Pennsylvania (2006)
- BA, Economics, magna cum laude, Morehouse College (2002)

Certifications & Memberships

- Certified Supply Chain Professional (CSCP), APICS
- Board Member, National Retail Federation (NRF) - Technology Council
- Advisory Board, Wharton Baker Retailing Center
- Member, Grocery Manufacturers Association (GMA) Digital Commerce Committee

Industry Specializations

- Omnichannel commerce platform implementation (Salesforce, Shopify Plus, commercetools)
- Supply chain visibility and demand forecasting (Manhattan Active, Blue Yonder)
- Customer data platforms and loyalty program design
- Inventory optimization and ship-from-store / BOPIS enablement
- Retail M&A due diligence and post-acquisition integration
- AI-powered merchandising, pricing, and assortment optimization

Notable Engagements (Blinded)

- **Top-20 US Specialty Retailer:** Led 20-month omnichannel supply chain and customer experience transformation (75-person team). Implemented unified commerce platform (Salesforce Commerce

Cloud + Manhattan Active), real-time inventory visibility, BOPIS/ship-from-store, AI-powered demand forecasting, and loyalty program redesign. Achieved 94% inventory accuracy (from 60%), 28% e-commerce growth, 15% increase in average order value, and \$85M inventory reduction. (See Case Study: Retail Omnichannel Transformation)

- **National Quick-Service Restaurant Chain:** Directed \$42M digital transformation including mobile ordering platform, kitchen display system modernization, and AI-driven labor scheduling across 3,200 locations. Increased digital order mix from 18% to 47% and reduced average order fulfillment time by 35%.
- **Global Consumer Packaged Goods Company:** Oversaw demand sensing and revenue growth management program across 14 product categories and 28 markets. Deployed Databricks-based ML platform achieving 23% improvement in forecast accuracy and \$120M reduction in excess inventory.
